**RESPONSE TO OFFICE ACTION - REQUEST FOR RECONSIDERATION**

In response to the office action dated 8/22/2005, applicant submits the following:

**REMARKS**

Claims 1-17 are pending in the application.

**Drawings**

Examiner objects to the drawings under 37 CFR 1.83(a) as not showing the handle being connected to the push rod as recited in claim 1.

Applicant submits a replacement drawings sheet with Figs. 3a and 3b showing schematically an actuating connection between the handle 10 and the push rod 9.

The specification sets forth that the push rod is moveable by means of the handle (paragraphs 0023; 0025), i.e., is actuated by the handle to move in the upward or
